

Report on "Ecofriendly Color Preparation Workshop"

First of all, we are very much gratified and extend our sincere thanks and immense pleasure for our respected Hon'ble Principal Dr. G. N. Jadhao for granted the permission for **One Day Workshop on "Natural Color Preparation"**. The workshop was organised by Department of Botany, Shri Shivaji Arts, Commerce & Science College, Motala Dist.-Buldana (M.S.) on dated 23 March 2024 (Saturday).

Aim and Objectives:

- To aware about use of natural color.
- To provide comprehensive knowledge and understanding of natural colors.
- To provide each student with the theory, knowledge, and practical skills necessary to enhance their performance as a natural color preparation.
- To educate our students toward the preservation of color's history and culture, and environmentally sound planning & practice.
- To provide support and education on an adaptable worldwide basis.

Event Description:

Under the guidance of Principal Dr. Gajanan Jadhav, a one-day Ecofriendly color preparation workshop was organized on 23 March 2024 (Saturday) at Department of Botany, Shri Shivaji Arts, Commerce and Science, College Motala. The program was organized in collaboration with Nature Club. The workshop was presided over by Principal Dr. Gajanan Jadhav. Workshop was inaugurated by Prof. Arun Gaware (Asst. Professor, Dept. of Zoology.

Artificial colors are widely used in the festival of Dhulivandan. This color is harmful to our health and in turn to nature. Therefore, the objective of the workshop was to create awareness among the students and make them business oriented by training them in the production of eco- friendly colors. In the workshop, wet colors were prepared to complement the natural environment using leaves and flowers of plants such as Palas, Beetroot, Turmeric Spinach and flower etc.

The color prepared in the workshop was gifted to all the dignitaries present in workshop. Prof. Dr Arun Gaware, chief guest of workshop expressed the opinion that using eco-friendly colors is the need of the time considering the side effects of artificial colors. Principal Dr. Gajanan Jadhav appealed to use environmentally friendly colors on this occasion. The coordinator of the workshop is Dr. Pravin Theng, Head of Department of Botany and Organizing Secretary Prof. Shubham Sakhare and non-teaching staff and students were present in many numbers.

Report on Eco-Friendly Rakhi Competition

Introduction:

Raksha Bandhan is a ritual not only strengthens the bond of love, but also transcends the boundaries of the family. When a Rakhi is tied on the wrists of close friends and neighbour, it underscores the need for a harmonious social life. An eco-friendly Rakhi is made of sustainable materials such as recycled paper, natural fibres like jute or cotton, biodegradable materials, and plantable material like seeds. The ecofriendly Rakhi making competition was conducted on the occasion of Raksha Bandhan.

Description of Activity:

On the occasion of 'Raksha-Bandhan' College level 'Eco-friendly Rakhi Competition' was organized by Department of Botany on 29 August 2023 (Tuesday), at Department of Botany and final result was declared. Total 23 participants were participated in this Competition. Rules & Regulations for this competition were as follows-

1. Rakhi should be prepare by Eco-friendly material.
2. 'Rakhi' Prepared by using Plastic material will not be accepted for competition.
3. Submit your Rakhi on or before 29 August 2023.
4. If any query Contact on: 7020727856, 7972312933

Participants have prepared Rakhi & participated in competition. First prize of this competition goes to Miss. Nikita Ingle, B. Sc. II (CBZ), Second prize goes to, Miss. Priyanka Dhoran, B. Sc. III (CBZ) and Miss. Sejal Ahire, B. Sc. III (CBZ).

On 29th August 2023 students and teachers have celebrate Raksha-Bandhan by tying Rakhi to trees in College Campus. On this occasion Dr. S. W. Mamalkar, HOD Commerce and Managment, Prof. Purushottam Chate, Dr. Yuvraj Tamgadge, Dr. Arun Gaware, Prof. Dada Mangate and Sunil Dabhade were present.

For successful organization of this competition Dr. P. A. Theng, (Head Department of Botany) Co-ordinator, Mr. S. S. Sakhare (Organizing Secretary) and Mrs. Devika Rahate were taken hard work.

Outcome of activity:

1. Student can connect with nature by tying Rakhi to the plants.
2. Initiative to control pollution and plastic free environment by using eco-friendly material.
3. Students can expose their art and skill of Rakhi Preparation.

Report On

“Tree Plantation Drive at Adopted Village Didola BK.”

Introduction:

Tree Plantation drives combat many environmental issues like deforestation, erosion of soil, desertification in semi-arid areas, global warming and hence enhancing the beauty and balance of the environment. Trees absorb harmful gases and emit oxygen resulting in an increase in oxygen supply. Trees act as natural filters, absorbing harmful gases and releasing oxygen. So we also conduct plantation drive at adopted village Didola Bk.

Event Description:

A tree plantation program was conducted on 18/09/2023 (Thursday) on behalf of Shri Shivaji Arts, Commerce and Science College Motala at Didola Bk. in association with Department of Botany, Environment Conservation Committee and Nature Club under the guidance of Principal Dr. Gajanan Jadhav. Tree plantation drive was organized at "A Class" Didola Bk. The program was attended by College Principal Dr. Gajanan Jadhav, Dr. Sunil Mamalkar (Head, Department of Commerce and management), Prof. Avinash Meherkar (IQAC, Coordinator). From Department of Social Forestry Hon. Prashant Rajput (forester), Shri Kakad (Forest guard) and Vitthal Dighe (Employment officer) were present.

On this occasion, the planting of 500 plant saplings was started with the auspicious hand of the dignitaries. The trees brought for plantation have been prepared with the participation of students in the nursery of the college. In the plantation, indigenous species like Tamarind, Behdha, Amaltash, Pichkari, Tulsi, Neem and Ritha were mainly planted. Principal Dr Gajanan Jadhav guided the students on this occasion. The coordinator of the tree plantation program was Dr. Pravin Theng, Head of the Botany Department. For the success of the program, Nature Club Coordinator Prof. Shubham Sakhare, Prof. Dr. Chitra More and Prof. Vishnu Bhagile worked hard. Students actively participated in the tree plantation program. A many number of college students were present on this occasion.

No of Participants: 42

Outcomes of Activity:

- i) Students learned responsibility by caring for the plants, learned how to communicate and compromise with each other, gained leadership skills, and developed self confidence.
- ii) They also developed skills of observation as they watched interactions among plants, animals, soil, and weather.

Report on Vrukshamitra Scheme

Introduction:

From thousands of years, trees have been the best friends of people. They provide us with many essential things, and they are a beautiful part of the environment. We need trees because they purify the air we breathe and provide food, shelter, and oxygen to birds, animals and humans.

Tree plantation is not only beneficial to the environment but is also crucial in the growing worries of climate change. Trees are the natural purifiers of the Earth; they take in carbon dioxide and exhale oxygen. This oxygen is required for every living being on the planet. Trees plantation means planting of trees and plants. The purpose of tree plantation is to save the endangered environment and to beautify our life. So we take initiative in tree plantation by giving one plantlet to every first ever student.

Event Description:

On 18th September 2023 Vrikshamitra Yojana was launched at local Shree Shivaji Arts and Commerce Science College Motala on behalf of the Department of Botany under the guidance of Hon. Principal Dr Gajanan Jadhav. Under this scheme, B.Sc., BA and B. Com Part 1 students were distributed one each of the tree seedlings produced in the nursery started by the Department of Botany in the college. This is the second year of Vrikshamitra Yojana. Under this scheme, distribution of saplings to the students was done by principal Dr. Gajanan Jadhav. On this occasion, Principal Dr. Gajanan Jadhav expressed the opinion that plant rearing and conservation is the need of the time. Dr. Sunil Mamalkar (Head, Department of Commerce, Head of Prof. Nanda Masker (Head, Department of Marathi and Prof. Purushottam Chate, (Head, Department of Economics), was present. Coordinator of the program is Dr. Pravin Theng (Head, Department of Botany). On this occasion Dr. Chitra More, Prof. Dinesh Dhage, Prof. Shubham Sakhare, Prof. Parag Bramhankar, Prof. Amrutkar and Prof. Bhagile was present. Many numbers of BA, B.Com., and B.Sc. Part 1 students attended the program.

No. of Participants:

Outcomes:

- 1) Create interest of tree plantation and conservation within Student and Staff.
- 2) Students planted a trees and take oath to conserved it.
