Effect of Climate change on wildlife

wildfire
wildfire alter the source of food, water, shelter for wildlife causes a migration and even death of the animals

Risk of Extinction
The IUCN has assessed roughly 3% of described species and identified 16,928 species worldwide as being threatened with extinction or roughly 38% of those assessed .

Forest becomes Desert
as land is overused and scorched by the hot sun and no rain, it dries up and vegetation cover diminishes due to both drought and wildfire. Lack of vegetation leads to further loss of humidity and increase erosion rates, so desert expand even more.

climate change = loss of Biodiversity

one million animals and plants species threatened with extinction. e.g Reptiles, water birds, Amphibian, mammals

The population of the world's wildlife has fallen by 68% since 1970 due to climate change. Expansion, contraction and migration of habitat, increased incidence of disease and invasive species, change in temp. precipitation and other environmental condition.

shifts in food availability and failure of ecological relationship with other species - e.g the loss of critical pollinators or mutualistic fixers.

A decrease in snow cover (already declined by 10% since 1960s), the added water from melting ice sheets and glaciers and the expansion of seawater as it warms.

SAVE YOUR WILDLIFE**

FIFTEEN DAYS CERTIFICATE COURSE ON THE TOPIC OF

COMMUNICATION SKILL IN ENGLISH

Department of English is started in 1990. In the beginning Arts faculty was started and no permanent staff was recruited. Commerce faculty was started in 1991 and contributory teachers were appointed. Prof, A. S. Meherkar had worked as contributory teacher for two years and was appointed as full time lecturer in 1999.

Shri shivaji Arts, Commerce and Science College is located in rural area and most of the students admitted in the college are from the rural strata of the society where there is very little sense of education. So it becomes very difficult for the English department to teach English as second language. However department has taken very hard effort to create interest and tried their level best to remove the fear of English language. Many activities like grammar classes were became the regular activity. Seminar presentation has conducted on the text book to boost their confidence and motivated them to speak English within college campus. But very limited response is received.

But in the academic year 2021-22 department has taken initiative to conduct a certificate course on the topic of **COMMUNICATION SKILLS IN ENGLISH** for fifteen days **during 12 to 30 December 2021**. Twenty students from all faculty had enrolled in the course. The course was mainly focused on the issues related to English communication studies like reading, listening, writing and speaking.

The certificate course was conducted in online and offline mode for fifteen days as per the scheduled timetable.
